

Joi Life Foundation Residency Scholarship

The Joi Life Foundation Scholarships were created to help ease the financial burden for medical students and residents from Underrepresented Minority Groups pursuing careers in Neurology. The Residency scholarship is available every fall and provides a maximum of \$1000.00 per medical student or resident for the application and interviewing process for neurology residency and fellowship. Approval is based on meeting the eligibility requirements. The Board of Directors determines the total amount of funds allocated to the scholarship program yearly and once funds are exhausted for that academic year, no further scholarships shall be granted.

ELIGIBILITY REQUIREMENTS

Applicants must be people of color that demonstrate an **interest in neurology** and attend an accredited medical school. Expenses covered may include residency/fellowship application and interview related expenses. Receipts must be submitted for reimbursement.
